- TELUS report : the school's engagement with TELUS(our World of Work initiative) has been a very positive one The programme aims to provide 2nd year students with an opportunity to meet employees from Telus, to learn about the world of work. It facilitates conversations and insights to the many roles in the workplace. This inspires and encourages young minds to look towards the future. On 28 April, the year 2 students who participated in the initiative had an opportunity to visit the TELUS offices and see first hand some elements of the company, initiatives such as this are invaluable for our students.
